Web Development

Databases Analysis and Design

Android Development

Digital Transformation

OUR HISTORY

We start in 2005 with 2 developers: Joel and Edward. They wanted to build web applications since that year in technology such as PHP and MYSQL. Since then we have been growing through different stages and experiences that allows us to provide a high quality service at the moment. Today we are 15 people working passionate of technology.

idw

OUR MAIN TEAM

Blanca Valenzuela (CEO)

Joel Guillén (CTO)

Steven Estremadoyro (Software Architect)

Alvaro Sacari (Front End)

Mariley Condori (Front End)

Eliecer Pari (BackEnd)

Horacio Ccallata (BackEnd)

Jesús Romero (BackEnd)

Milagros Mendoza (Quality Assurance)

Claudia Mendoza (Administrative)

Alicia Quispe (Administrative)

The logo for 'idw' is displayed in a white, lowercase, sans-serif font. The letters are bold and modern, with a slight shadow effect. The background of the entire slide is a dark, textured brick wall. In the center-right, a single lightbulb hangs from a cord, glowing with a warm, orange light. The lightbulb is a standard incandescent style with a clear glass bulb and a black base. The glow from the lightbulb illuminates the surrounding bricks and creates a soft, atmospheric effect. The overall aesthetic is clean, professional, and creative.

SERVICES

We offer a great service in web development:

Our prefer technology are:

PHP (Laravel, Codeigniter, Symphony and Zend)

React.js, Angular.js and Vue.js

We can build a great API Rest or WebServices to connect with other systems or applications.

MOBILE

In mobile development we prefer work with

Java for Android

We can make apps with React.js

DATABASES

We have experiencia using:

MS SQL Server

Access

MySQL & Redis

MongoDB

OUR PROJECTS

Certificapp (<http://www.certificapp.com>)

Credinnova (<http://www.credinnova.com>)

PROSoft (<http://www.prosoftla.com>)

e-JuntaVecinal (<http://jv.idw.com.pe>)

e-Rest (restaurante.idwsoftware.com)

We have some test environments to know our technology and show more projects of our customers.
